## Work Experience

---

### **Crypto Mining Regional Operations Manager**

JZ Nation - Payson, UT

February 2022 to Present

Instructed other staff clearly on their responsibilities, quickly and respectfully resolving any confusion.  
Curated a clean, organized workspace to allow for optimal workflow and output.  
Assembled, tested, and installed crypto mining hardware with great efficiency and precision.  
Effectively troubleshooted and corrected all equipment malfunctions.

Optimized software for highest possible mining output while consuming least amount of power.  
Prepared large pieces of equipment for safe transportation over long distances.  
Organized and maintained inventory worth over \$500,000.  
Maintained 13 running cryptocurrency miners according to industry specs.

### **Electronics Assembler**

MiSTER Add-Ons - Leonardtown, MD

November 2018 to August 2020

Consistently received and documented inventory accurately.  
Employed fine motor skills and use of magnification lenses for precision soldering of small surface-mounted-components.  
Cleaned all components and finished products precisely using appropriate cleaning agents and adhering to strict safety protocols.  
Tested video game devices to ensure perfect function before final packaging.  
Troubleshooted and corrected all malfunctioning equipment.

Packaged all finished products and shipped safely to distributor.

### **Sales Associate**

Vans - Sandy, UT

July 2018 to November 2018

Effectively learned and maintained efficient inventory management.

Consistently exceeded daily sales goals.  
Maintained organized sales floor and back room cleanliness according to specified Vans store parameters.
